

WE MAKE A FIVE-STAR DIFFERENCE AT YOUR FACILITY

“63% of our partner facilities have an average to above average rating and—when we serve as Medical Directors—we are progressively meeting and exceeding quality care standards.”

**QUALITY/
RESULTS**

Five Star Physician Services is a geriatric, clinical-driven care practice exclusively serving Post Acute and Long-Term Care communities by providing world-class Medical Directorships, Attending Physician, and Nurse Practitioner care throughout VA, MD, and DE. Five Star takes leading roles in improving a Post Acute and Long-Term Care community's quality care ratings by being the quality control, clinical care 'bridge' between the communities we serve and the regional hospitals.

Our specialty care practices include: Physiatry, Pulmonology, Infectious Disease, and Palliative Care. By integrating these specialists into our general practice, our patients not only receive specialty care in the comfort of their communities, but we satisfy our commitment toward reducing hospitalizations and improving on-site care.

**COST
CONTROL
INITIATIVES**

“We understand and embrace our additional role to reduce a hospital's share of healthcare expenditures in the new facility healthcare payment models.”

**SPECIALTY
CARE
PRACTICES**

“As a Long-Term Care partner, it is our dual mission to move a community's clinical care to a CMS Five Star rating and maintain it.”

**OUR CLINICIANS
AND THEIR PASSION
TO SERVE**

**EXCLUSIVELY SERVING
POST ACUTE &
LONG-TERM CARE**
